DESIGNED AND MADE IN BRNO

With passion since 1996

Elegant, modern, sophisticated and original design reflecting the contemporary lifestyle. We create timeless furniture with an eye for detail and with deep respect for the materials used. Every piece is designed to be beautiful, functional and durable and is hand made with utmost care. We stress the importance of top craftsmanship aided by state-of-the-art technology and production processes. We firmly believe that perfection can be found in the details of everything any of us does. We never stop looking for new forms, details and materials. Our mission is to design and make products just shy of perfection.

Production

As we have full control over the entire production process, we can quickly implement practical technical solutions and monitor the completion of all details for each order. Our own production allows us to create high utility design and can accommodate the requirements of the most discriminating customers. We would like to help create a society which is capable of appreciating such design.

Showroom

We cordially invite you to Le bon showroom in Brno, which is the best way to find out which furniture will be yours. Whichever one you choose, thoughtful solutions, precise detailing and high-quality processing are common to all.
